

## Our Mission:

Bill Vogt, husband, father, son, brother, uncle, cousin, nephew, friend, business owner & community member was diagnosed with adenocarcinoma (Stage IV Cancer) in April of this year. Bill has stunned all of us, including doctors in his efforts, attitude and general decision that ‘This cancer isn’t taking control of my life.’ Medical expenses have accumulated. They are expected to continue to rise with the likelihood of advanced “Experimental” medications not covered by insurance. At this time, the Vogts should not be forced to have finances playing a part in the decisions they’ll need to make.

So, we have planned a fun, eventful evening to celebrate Bill & Danielle and to ask everyone to Pay it Forward ~ all the blessings that we have received in our lives. Come ready to bid on lots of wonderful pieces donated by local families and businesses. All proceeds will go to the William Vogt Family fund.

We pray that by the grace of God, Bill will win this battle and the Vogt’s will have the opportunity to ‘Pay it Forward’.
